

ORCA KAMOGAWA FC

Established in 2014, the team name of "Orca" derives from the scientific name of the killer whale, which is the star attraction at Kamogawa Sea World. The name was selected out of the desire to build a club that is strong and advances boldly just like the killer whale, which is the king of the seas. The team always vigorously competes while aiming for the heights in partnership with the community so that it can impart dreams and hopes to children and spirit to the local people. We are working on realizing sustainable club development while incorporating and undertaking various ideas and challenges.
