

AS HARIMA ALBION

The club was founded in December 2012. In 2016, it embarked on a new beginning under the chairmanship of Tatsuya Otsuka, Chairman of Earth Corporation. "Harima" also has the meaning of sowing seeds, and the team was named in the hope that it will sow football seeds in Harima (Hyogo). In 2022, it is scheduled to establish the club certified NPO "AS Harima Dream Project" having Sonoko Chiba, who was one of the founding members, as representative director. Through football, we aim to provide sports experiences and produce joyous activities for all people. Under this season's slogan of "Evolution towards the top", our goal is to compete without compromise.
